Morristown Rotary Club...

Quietly working to better the World and Our Community

What is Rotary and what does it do?

Rotary is a World-wide volunteer organization comprising more than 27,000 clubs with more than 1,000,000 members. Each club meets weekly for breakfast, lunch, or dinner and combines social interaction with charitable giving and work projects. Our Morristown Rotary Club is very active in the following areas:

Gift of Life...This wonderful program brings children with heart defects from around the world to receive life-saving operations so they can live normal, productive lives.

PolioPlus...This is the largest charitable project ever undertaken. Through the PolioPlus program, Rotary has pledged to eliminate Polio from the face of the Earth. Polio has already been eradicated in the Western Hemisphere due to Rotary and PolioPlus.

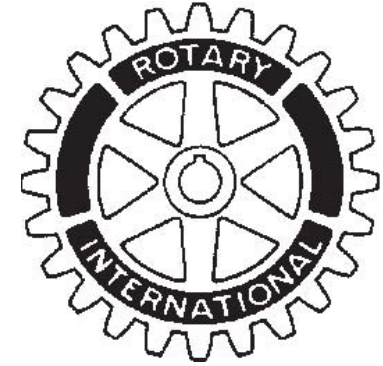

Camp MerryHeart...The Rotary Clubs of District 7470 support totally Camp Merry-Heart, a summer camp for disabled children in Hackettstown, NJ. Severely disabled children, most in wheelchairs, could never enjoy a week in the summer sunshine, were it not for

Camp MerryHeart and Rotary District 7470....and that wonderful week also provides the parents of those unfortunate children their only respite from 24 hour-a-day care in the entire year!

Rotary Funds also support the Local Food Bank, Battered Women of Morris County, The Morristown Community Theater, Morristown Neighborhood House, and The Trustees of the Morristown Green.

If you've noticed and appreciated the barrels of flowers in Morristown during the late spring and summer months, you should know they were purchased and planted by the Morristown Rotary Club....and those same barrels are planted again in the fall with mums, once more by Morristown's Rotary Club.

To continue these worthwhile projects, Morristown Rotary Club needs your support. Please help us continue our good work by purchasing a ticket in our fund-raising raffle. You may or may not win big money, but the benefits derived from your generosity will warm your heart.
